Experience Section

To-Do Lists - Dec'22 to Dec'22
https://github.com/aayush-0811

The To-Do List Application is a web-based application that allows users to create and manage their to-do lists. Users can add tasks, set due dates, mark tasks as completed, and organize tasks into categories or tags. The application is designed to help users keep track of their tasks and manage their time effectively.

Job Portal management system - Dec'22 to Jan'23
https://github.com/aayush-0811

The Job Portal Management System is a web-based application that facilitates the management of job listings, applications, and candidate profiles for a job portal. The system is built using React for the front-end user interface and SQL for the back-end database management. It provides a user-friendly interface for job seekers to search and apply for job openings, and for

https://www.hackerrank.com/certificates/iframe/3ea2886d8a10

Got this certificate from hacker Rank by giving skill test for Cascading Style sheets HTML (CSS).

Certified Data Processing Specialist

https://www.myamcat.com/certificate/25891617/data-processing-specialist/211
